Subject CAS 105-39-5 Algal summary

Sir:

As a follow up to the Dow response sent to the EPA from Connie Deford dated November 15, 2002, Dow AgroSciences LLC is submitting a robust summary for algae on Ethyl Monochloroacetate (CAC) (CAS No. 105-39-5). We wish to have posted on the EPA website for HPV chemicals. Please do not hesitate to contact me if you have any questions or comments.
